**BEST VALUE IN MARBELLA EAST!** Fabulous recently completed townhouse with other 350 sqm of usable space in walking distance to the centre of Elviria.

Luxurious 3 bedroom townhouse with a possibility of adding an additional 2 bedrooms on the basement. This is the only new urbanisation to have seen the green light in Elviria in over 20 years.

The secured urbanisation is set on a large 15,000 sqm plot for only 25 properties and the beach is only 15 minutes away.

The ground floor includes a guest WC, totally integrated kitchen with Siemens appliances and peninsula opening onto the living room/dining room opening onto a large 32sqm terrace with west orientation and views over the private and communal gardens.

The basement hosts the installations/laundry room complete with washing machine and drier, there is also a full shower room and a versatile 89sqm multi-use room with ventilation and natural light. You can use this space as a gym, games or cinema room, a home office or you could easily add 2 additional bedrooms for guests. From here you access the underground parking with the 2 allocated parking spaces.

The first floor hosts the master bedroom with its own ensuite bathroom and a private 31sqm terrace overlooking the gardens and pools. There are also 2 double bedrooms sharing a bathroom. All bedrooms include TV connections, thermostats and fully lined wardrobes.

Finally, the solarium offers a fantastic 80 sqm space and panoramic views to the stunning surroundings. There is a pre-installation for an outdoor kitchen, making this the perfect space for chilling, entertaining and following the sun from sun rises to sunsets over the mountains.

The house was recently completed and has not been used and it includes:

Aerothermia for maximum energy efficiency.

Under floor heating.

Remote entry system with camera for added security.

Air Conditioning hot and cold with individual controls per room.

Integrated Siemens appliances and silestone worktops.

Fabulous solarium with pre-installation for an outdoor kitchen.

Electric blinds in all bedrooms.

The garden is for private use but maintained by the community.

2 underground parking spaces.

In addition, this house comes with 2 years guarantee on all appliances and 10 years builders guarantee. No VAT to pay. This house will meet the energy efficiency ratings required by Spanish law by 2030 to sell a property.
